Project Green AV Hosts Green AV Guidelines Webinar

Project Green AV is hosting a complimentary webinar on Tuesday, November 17, from 2:00PM – 3:00PM EST. The webinar, entitled “Green AV Guidelines: From Lobby to Practice,” explores Green AV guidelines, standards and regulations.

Speakers will discuss how these third party methods can be used to promote valid environmental responsibility on the part of manufacturers, integrators and others in the audio visual industry to best serve customers and the larger goal of improving the health of the planet and environmental stewardship across the industry.

Webinar speakers include Midori Connolly from Pulse Staging, Brian Huff from AcenTech and Elizabeth Eames from Project Green AV. Both Ms. Connolly and Mr. Huff are members of the InfoComm Green AV Task Force, an organization that has made strides in developing Green AV guidelines and standards.

To register for the webinar, visit Project Green AV: www.projectgreenav.com.

Project Green AV is the comprehensive industry resource for Green information & ideas for the Audio Visual industry. Project Green AV is committed to bringing together AV industry colleagues and consumers to learn about, discuss and teach environmentally responsible and cost-effective solutions for AV purchases, installation, new technology and projects.
